# Online courses

We have a popular library of online courses on our website, many of which are free to access for all staff at member organisations.

More than 15,000 people took part in one of our online courses in 2023/24.

## Courses available to all members

Here are some examples of the courses available to all staff at member organisations:

- Introduction to quality improvement
- Mentoring
- Online facilitation
- Measurement for improvement
- Experience Based Design (EBD)
- Social media
- Report writing
- Minute taking

Self-directed and completed at your own pace

Split into bite-sized modules

Each course takes 3-6 hours to complete

Our online courses are available to access via the online course section of our website. We plan to make more courses freely available over the coming year so please look there frequently. [Access courses](#)
