

mMOET

Managing Medical Obstetric Emergency Trauma

23 – 24 April 2026

An expectant mother collapses.
Bleeding. Shock. Panic. Two lives at risk.

That's why the mMOET course exists.

You won't just sit in a lecture.

You'll step into realistic scenarios, skills stations, and more that put you right at the center of obstetric emergencies.

Expert led faculty team

Combination of online e-modules with 2 days of hands on, face to face training.

24 immersive emergency training scenarios

Hands on clinical skills: airway management, surgical airway, vascular access, failed instrumental delivery, B-Lynch suture, Rusch balloon, and more

Proven frameworks for decision making under pressure

Team leadership & communication skills

Venue: Field House, Bradford Royal Infirmary

Date: 23rd and 24th April 2026

Fee: £595

Eligibility: ST5 or above in Obstetrics & Gynaecology,
Anaesthetics and Emergency Medicine.
